Jan Carley BA,CEC,PCC Inner Coach of Barbershop

Known as the *Inner Coach of Barbershop*, Jan Carley has positively shaped the experiences of thousands of barbershoppers globally. She is a Professional Certified Executive Coach credentialed with the International Coach Federation and draws on her more than 25 years experience working in the professional non-profit world of the theatre arts to bring a progressive and creative whole-brained approach to all of her coaching programs.

As the *Inner Coach of Barbershop* she has inspired dozens of choruses of different sizes and levels with her generative messaging, run powerful musical and management leadership retreats and workshops, transformed directors with individual one-on-one coaching through her innovative 'Coach on Call' program, and inspired thousands of singers worldwide to shift and expand their personal mindsets and chorus cultures to ones of positivity and excellence. These shifts generate renewed energy and alignment of organizational cultures as well as significant performance results. Exploring the benefits of inner mastery while working toward musical and visual mastery creates a true "triple threat" performance experience for barbershoppers.

Jan has been singing with the award-winning *Lions Gate Chorus* from Vancouver, BC since 1994 and is Lead of the 2014 Open Division Audience Choice Winning Quartet, *Fandango*. She is the Inner Mastery Leader of Lions Gate Chorus and an integral contributor to their artistic team.

She captured her experiential work with barbershoppers in her popular book, *Harmony from the Inside Out*, which takes her inner coaching principles and expands them for easy application to one's personal and professional lives. Her second book, *FINDING YOUR OVERTONE* – is due to be released in June 2016.

We hope to see most of Region 35s leaders there. These are two extraordinary women that have the skills and know how to assist us in many areas of our craft. This will be a fabulous time to get together, work together...and it wouldn't be a weekend without some 'play time'!
